

From the west/Highway 41:

Exit onto County BB/Prospect Ave. and travel east as usual.

Do not follow the detour sign at the Bluemound Road intersection, as access to Xavier High School is available from the west.

The construction zone is currently to the east of the high school.

Please note that this situation will change in the summer months when the construction zone is extended to the west.

From the east/downtown Appleton:

Approach on Prospect Avenue past Pierce Park as usual.

At the traffic light/intersection of Prospect and Mason St, turn right/north onto Mason St. and travel past Spencer St. to College Ave. (There are traffic lights at both Spencer & College).

Turn left/west onto College Avenue and travel west to Bluemound Rd.

Turn left/south on Bluemound Rd. and travel south past Spencer St. to Prospect Ave. (There are traffic lights at both Spencer & Prospect).

Turn left/east onto Prospect and travel for approximately one mile to Xavier High School

(You may disregard the barricade and detour sign at the Bluemound/Prospect intersection, as access to Xavier High School is available from that point.

The construction zone is currently to the east of the high school.
